

Цена от 550 Евро  
+программирование

**V120-12-R1** Graphic Operator Panel & Programmable Logic Control  
12/24 VDC, 10 pnp/npn digital inputs, 1 analog input, 3 high-speed counter/shaft encoder inputs, 6 relay outputs, I/O expansion port, 2 RS232/RS485 ports

**V120-12-R2C** Graphic Operator Panel & Programmable Logic Control  
12/24 VDC, 10 pnp/npn digital inputs, 2 analog inputs, 3 high-speed counter/shaft encoder inputs, 6 relay outputs, I/O expansion port, 2 RS232/RS485 ports, CANbus

**V120-12-UA2** Graphic Operator Panel & Programmable Logic Control  
24 VDC, 12 pnp/npn digital inputs, 2 universal inputs\*, high-speed counter/shaft encoder input, 10 transistor outputs, 2 analog outputs, I/O expansion port, 2 RS232/RS485 ports

**V120-12-UN2** Graphic Operator Panel & Programmable Logic Controller  
12/24 VDC, 12 pnp/npn digital inputs, 2 universal inputs\*, 2 high-speed counter/shaft encoder inputs, 12 transistor outputs, 2 high-speed outputs, I/O expansion port, 2 RS232/RS485 ports

**V120-12-T1** Graphic Operator Panel & Programmable Logic Control  
12/24 VDC, 12 pnp/npn digital inputs, 2 high-speed counter/shaft encoder inputs, 12 transistor outputs, I/O expansion port, 2 RS232/RS485 ports
